YOUTH SERVICES CELEBRATES NATIONAL SAFE PLACE WEEK
Youth to march in St. Patrick's Parade to promote Safe Place

Salt Lake City — The United States Senate has designated the third week of March — March 11-17 — as National Safe Place Week.

Salt Lake County Division of Youth Services, the Safe Place agency in the state of Utah, will be celebrating the week by decorating a float on March 16 and marching in the St. Patrick's Day Parade in Salt Lake City on March 17

Youth who participate in a variety of programs at Youth Services will both decorate the float and march along the parade route, spreading awareness about the program that helps youth get help fast.
